

Client

Universidad Europea CEES

Type of Project

Out-patient Clinic Fit Out

Construction Value

€2.4 Million

Schedule

May 2002 – Feb 2003

Services Provided

GMP

Architect / Engineer

Macla 74

Following the successful construction of a new sports complex for the Universidad Europea CEES, this client contracted Bovis Lend Lease for the fit-out of its out-patient clinic in the centre of Madrid. This university clinic will provide out-patient services for dental surgery, podiatry and optics.

The works include complete conversion of an existing store, fitting it out with surgeries, laboratories and waiting room.

The total gross area is 2,386 m² and total net area is 2,100 m².
